And let us consider how to stir up one another to love and good works, not neglecting to meet together, as is the habit of some, but encouraging one another, and all the more as you see the Day drawing near. - Hebrews 10:24–25

How to Use This:

We've compiled a list of activities from our lesson that we prepared for Sunday. These lessons are designed to keep your kids engaged with the Gospel while at home since we're currently not having services. Lifeway has graciously allowed us to share the curriculum content online for a limited amount of time due to the current circumstances. **This page will only be available until Friday, September 18, 2020.** So take time to enter into their world and see what it is like in Kids Ministry each Sunday. This week we are continuing with our new calendar year for curriculum and will be learning about the Plagues and Passover. You can also worship at home with our [Only Jesus Videos](#).

If your children are joining you in watching the Worship Service stream, they can use this [resource](#) to take notes, and join you in worship.
